Health Guarantee: The Breeder guarantees that upon purchase, the puppy is in good health and has been immunized and wormed according to its accompanying health record. The puppy has been vet checked but we do encourage you to take your puppy to a veterinarian (at your cost) after you receive your puppy as we do have a 72 hr. replacement policy if for some reason it is found to have a major health problem as diagnosed by a licensed veterinarian (DVM). However, any, minor conditions that are easily correctable and will go away are not covered by our replacement policy. We will reimburse you for the cost of medication/procedure up to the price of the puppy, but only if the puppy was taken to the veterinarian within 72 hrs.

2 Year Genetic Health Warranty: We try to ensure that you purchase a genetically healthy puppy and if in case your puppy is found to have a genetic disorder (such as hip and elbow dysplasia, pathological spinal disorder, luxating patella, and a continuing open fontanel) as diagnosed by a licensed veterinarian within 2 years of purchase, we will exchange your puppy for one of equal value. There are however no warranties against common sicknesses or accidents incurred on your part after the puppy is in your possession. All regular health care maintenance and immunizations are the buyer's responsibility as described below.

Buyer's Responsibility: The buyer agrees to take good care of this dog; feeding and housing it properly and maintaining it's shots, de-worming, and also give it proper physical, emotional care and welfare. The buyer also assumes all responsibility for any accidents or injuries caused by the misbehavior of the dog after it is in the owner's possession. The death, injury or loss of said dog due to theft, carelessness, recklessness, abuse, neglect, heat stroke, or accident will not entitle the buyer to any compensation from the breeder. This dog is warranted only for the purpose of being a companion animal; not for any other purpose or reasons, such as breeding or show, etc.
